RE: **Final Program Review Determination**
OPE ID: 00915700
PRCN: 2012-2-05-27815

Dear Mr. Massimino:

The U.S. Department of Education's (Department's) School Participation Division – Chicago/Denver issued a program review report on July 27, 2012 covering WyoTech's, whose parent corporation is Corinthian Colleges, Inc., administration of programs authorized by Title IV of the Higher Education Act of 1965, as amended, 20 U.S.C. §§ 1070 et seq. (Title IV, HEA programs), for the 2010-2011 and 2011-2012 award years. WyoTech's final response was received on October 25, 2012. A copy of the program review report (and related attachments) and WyoTech's response are attached. Any supporting documentation submitted with the response is being retained by the Department and is available for inspection to WyoTech upon request. Additionally, this Final Program Review Determination (FPRD), related attachments, and any supporting documentation may be subject to release under the Freedom of Information Act (FOIA) and can be provided to other oversight entities after this FPRD is issued.

Purpose:

Final determinations have been made concerning all of the outstanding findings of the program review report. The purpose of this letter is to: (1) identify liabilities resulting from the findings of this program review report, (2) provide instructions for payment of liabilities to the Department, (3) notify the institution of its right to appeal, (4) close the review and (5) notify WyoTech of a possible adverse action. Due to the serious nature of one or more of the enclosed findings, this FPRD is being referred to the Department's Administrative Actions and Appeals Service Group (AAASG) for its consideration of possible adverse action. Such action may include a fine, or the limitation, suspension or termination of the eligibility of the institution. Such action may also include the revocation of the institution's program participation agreement (if provisional), or, if the institution has an application pending for renewal of its certification, denial of that application. If AAASG initiates any action, a separate notification will be provided which will include information on institutional appeal rights and procedures to file an appeal.

The total liabilities due from the institution from this program review are \$152,094.28.

This FPRD contains detailed information about the liability determination for finding 1.

Protection of Personally Identifiable Information (PII):

PII is any information about an individual which can be used to distinguish or trace an individual's identity (some examples are name, social security number, date and place of birth). The loss of PII can result in substantial harm, embarrassment, and inconvenience to individuals and may lead to identity theft or other fraudulent use of the information. To protect PII, the findings in the attached report do not contain any student PII. Instead, each finding references students only by a student number created by Federal Student Aid. The student numbers were assigned in Appendix A, Student Sample.

Appeal Procedures:

This constitutes the Department's FPRD with respect to the liabilities identified from the July 27, 2012 program review report. If WyoTech wishes to appeal to the Secretary of Education for a review of monetary liabilities established by the FPRD, the institution must file a written request for an administrative hearing. The Department must receive the request no later than 45 days from the date WyoTech receives this FPRD. An original and four copies of the information WyoTech submits must be attached to the request. The request for an appeal must be sent to:

Ms. Mary E. Gust, Director
Administrative Actions and Appeals Service Group
U.S. Department of Education
Federal Student Aid/PC
830 First Street, NE - UCP3, Room 84F2
Washington, DC 20002-8019

WyoTech's appeal request must:

- (1) indicate the finding, issues and facts being disputed;
- (2) state the institution's position, together with pertinent facts and reasons supporting its position;
- (3) include all documentation it believes the Department should consider in support of the appeal. An institution may provide detailed liability information from a complete file review to appeal a projected liability amount. Any documents relative to the appeal that include PII data must be redacted except the student's name and last four digits of his / her social security number (please see the attached document, "Protection of Personally Identifiable Information," for instructions on how to mail "hard copy" records containing PII); and

(4) include a copy of the FPRD. The program review control number (PRCN) must also accompany the request for review.

If the appeal request is complete and timely, the Department will schedule an administrative hearing in accordance with § 487(b)(2) of the HEA, 20 U.S.C. § 1094(b)(2). The procedures followed with respect to WyoTech's appeal are at 34 C.F.R. Part 668, Subpart H. **Interest on the appealed liabilities shall continue to accrue at the applicable value of funds rate, as established by the United States Department of Treasury, or if the liabilities are for refunds, at the interest rate set forth in the loan promissory note(s).**

Record Retention:

Program records relating to the period covered by the program review must be retained until the later of: resolution of the loans, claims or expenditures questioned in the program review; or the end of the retention period otherwise applicable to the record under 34 C.F.R. §§ 668.24(e)(1), (e)(2), and (e)(3).

If the institution has any questions regarding this letter, please contact Jeremy Early at 312-730-1484. Questions relating to any appeal of the FPRD should be directed to the address noted in the Appeal Procedures section of this letter.

Sincerely,

(b)(6)

Douglas Parrott
Director

	2008: 6.2%
	2007: 5.0%

Default Rate Perkins:	2009: 14.6%
	2008: 13.4%
	2007: 9.2%

B. Scope of Review

The U.S. Department of Education (the Department) conducted a program review at WyoTech from February 13, 2012 to February 16, 2012. The review was conducted by Clare Barger and Susan Frost-Alvarez.

The focus of the review was to determine WyoTech's compliance with the statutes and regulations as they pertain to the institution's administration of the Title IV, HEA programs. The review consisted of, but was not limited to, an examination of WyoTech's policies and procedures regarding institutional and student eligibility, individual student financial aid and academic files, attendance records, student account ledgers, and fiscal records.

A sample of 30 files was identified for review from the 2010-2011(15 files) and 2011-2012 (15 files) (year to date) award years. The files were selected randomly from a statistical sample of the total population receiving Title IV, HEA program funds for each award year. Appendix A lists the names and social security numbers of the students whose files were examined during the program review. A program review report was issued on July 27, 2012.

Disclaimer:

Although the review was thorough, it cannot be assumed to be all-inclusive. The absence of statements in the report concerning WyoTech's specific practices and procedures must not be construed as acceptance, approval, or endorsement of those specific practices and procedures. Furthermore, the review does not relieve WyoTech of its obligation to comply with all of the statutory or regulatory provisions governing the Title IV, HEA programs.

C. Findings and Final Determinations

Resolved Findings

Findings 2, 3, 4, 5, 6, 7, and 8

WyoTech has taken the corrective actions necessary to resolve findings 2, 3, 4, 5, 6, 7, and 8 of the program review report. Therefore, these findings may be considered closed. Findings requiring further action by WyoTech are discussed below.

Findings with Final Determinations

The program review report finding requiring further action is summarized below. At the conclusion of the finding is a summary of WyoTech's response to the finding, and the Department's final determination for that finding. A copy of the program review report issued on July 27, 2012 is attached as Appendix G.

Finding 1, Verification Violations

Citation Summary: *Section 34 CFR § 668.51 through § 668.61 of the Student Assistance General Provisions regulations specify the requirements for determining a student's eligibility for Title IV, HEA funds. An institution is responsible for verifying the information that is used to calculate an applicant's Estimated Family Contribution (EFC) as part of the determination of need for student financial assistance. Information is verified by securing additional documentation, or in some cases, a signed statement attesting to the accuracy of the information provided. The regulations also require an institution to verify discrepancies in information received from different sources regarding a student's application for financial aid under the Title IV, HEA programs.*

Federal regulations require the following student financial aid application items to be verified to assure a valid Expected Family Contribution (EFC):

- *Adjusted Gross Income;*
- *U.S. Income Taxes Paid;*
- *Number of Family Members in Household;*
- *Number of Family Members Attending a Post-Secondary Institution; and*
- *Certain Untaxed Income and Benefits.*

34 C.F.R. § 668.54(a)(3) states if an institution has reason to believe that any information on an application used to calculate an EFC is inaccurate, it shall require the applicant to verify the information that it has reason to believe is inaccurate.

The institution's failure to complete verification may have resulted in the improper use of Title IV, HEA funds and increased expense to the Department. An institution that fails to properly complete verification fails to properly determine student eligibility for Title IV, HEA assistance. Funds disbursed to students whose eligibility is not properly determined are funds that are disbursed to ineligible students and represent an institutional liability. Failure to properly determine student eligibility indicates a lack of administrative capability on the part of the institution.

Noncompliance Summary: *WyoTech failed to complete verification for student #4 during the 2010-2011 academic year. The student signature on the verification worksheet does not match other student signatures throughout the student file. No documentation in the student file indicates WyoTech clarified this error.*

WyoTech also failed to complete verification for student #7 during the 2010-2011 academic year. The parents listed \$4,648.00 in unemployment income on line 19 of their 2009 Income Tax Return. The initial \$2,400.00 of unemployment compensation was untaxed by the Internal Revenue Service that particular year and that amount was to be listed as untaxed income on the FAFSA. The parents do not have any amount listed for untaxed income. No documentation in the student file indicates this issue was resolved.

Required Action Summary: *WyoTech must resolve the verification deficiencies cited above for Student #4 and #7 and recalculate the students' eligibility based on the verified information. If the institution is unable to verify a student's application information, the student will be ineligible for all Title IV funds received during the award year. If there is any change in a student's eligibility for Title IV funds due to a change in the EFC based on completion of verification, the amount previously disbursed and the correct amount for which the student was actually eligible must also be provided.*

The reviewers identified two students out of 15 in the sample for the 2010-2011 academic year where the institution failed to resolve inconsistent information during the verification process (13.3% error rate). Therefore, WyoTech is required to review the files of all students chosen for verification at the Blairsville campus during the 2010-2011 academic year, including the recipients cited in this report. Since both students attended the Blairsville campus, the file review will be limited to this particular location.

Results of this file review must be submitted in an Excel spreadsheet or similar format, and must contain the following information:

- 1. Student name*
- 2. Original EFC;*
- 3. EFC upon completing verification;*
- 4. Original Amount of Title IV funds disbursed, by program; and*
- 5. Correct Amount of Title IV funds that should have been disbursed by program.*

If WyoTech does not include each of the data elements requested, the response will not be considered complete.

In addition, WyoTech must include copies of completed verification worksheets, tax returns signed by the student and/or parent, other documentation used to complete the verification process and correct ISIR (if applicable)/hand calculations as supporting documentation for each student listed in the spreadsheet.

In lieu of performing a file review for the entire 2010-2011 student population chosen for verification at the Blairsville campus to determine actual liabilities, WyoTech has the option of performing a statistical sample not tested by the Department during the program review. The results from this file review using the statistical sample would be used to project liabilities for the entire population (i.e., the average liability for the recipients in the statistical sample will be multiplied by the total population). This option is intended to reduce the burden on the institution of conducting a full file review.

If WyoTech wishes to select this option, please contact our office for further guidance.

WyoTech's Response: In its September 20, 2012 response (Appendix F to the FPRD), WyoTech stated it agreed with the finding and completed the required actions, including corrections made to students #4 and 7.

The institution submitted the documentation requested, completing a full file review of all students at the Blairsville campus selected for verification during the 2010-2011 award year. Based on the results of WyoTech's file review, WyoTech disbursed Title IV, HEA program funds to 30 out of 1,051 students who were ineligible to receive those funds due to the institution's failure to complete and document the verification process. In addition to the ineligible students to whom funds were disbursed, there were 14 students who were over-awarded funds as a result WyoTech's failure to properly verify their eligibility.

Final Determination: The Department reviewed 50 student files from the 2010-2011 award year to determine whether the Department would accept the file review of the remaining 1,001 student files conducted by the institution.

During this review, the Department found one verification error. For student #695, the student listed the amount of work income he had earned in 2009 on the Verification Worksheet. He also stated he would not file a 2009 Income Tax Return. However, the amount listed is above the required amount required by the Internal Revenue Service (IRS) to file a return. There is no documentation in the student's file to indicate he was required to file an Income Tax Return prior to the completion of his verification file. Therefore, this considered an incomplete file due to conflicting information and WyoTech is liable for all funds awarded to this student for the 2010-2011 award year.

The Department also noted that for student #68, the student listed 3 additional members in the household, including a child, "girlfriend" and "girlfriend's child." The student did not claim either the "girlfriend" or her child on his Income Tax Return. Therefore, he is stating to the Department he provides more than 50% of care for these individuals but stated to the IRS he does not. This is considered conflicting information. However, the student would still qualify as an auto-zero EFC because of his own child. There is no note in the student's file, however, as to whether WyoTech believed this to be conflicting information. There is no liability associated with this student.

It should also be noted any file listed as "awaiting additional documentation" was considered incomplete and WyoTech is liable for all funds awarded to students #13, 89, 125, 128, 134, 136, 159, 195, 212, 246, 306, 481, 497, 578, 610, 641, 690, 708, 773, 785, 846, 922, 968, 984, 1005, 1009, 1010, 1013, 1038, and 1054 for the 2010-2011 award year.

WyoTech's response indicated that the total amount of Federal Pell Grant (Pell Grant) liabilities for this finding is \$132,312.00. In addition, the questioned costs for the additional error found by the Department totaled \$5,550.00, creating a grand total in Pell Grant liabilities of \$137,862.00.

WyoTech's response indicated that the total amount of FSEOG liabilities for this finding is \$7,180.00. In addition, the questioned costs for the additional error found by the Department totaled \$100.00, creating a grand total in FSEOG liabilities of \$7,280.00. \$5,497.50 of the FSEOG liabilities is the amount of the Federal Share that WyoTech must return to the Department.

The total amount of Direct Loan funds (subsidized and unsubsidized) disbursed to students who had verification violations during the 2010-2011 award year is \$183,461.00. In addition, the questioned costs for the additional error found by the Department totaled \$5,474.00, creating a grand total of \$188,935.00. The estimated actual loss to the Department that has resulted or will result from those ineligible loans is based on WyoTech's most recent cohort default rate available. As a result, the estimated actual loss that WyoTech must pay to the Department for the ineligible loans is \$6,634.39. A copy of the results of that calculation is included as Appendix C.

WyoTech is also liable for the cost of funds related to all ineligible Pell Grant and FSEOG disbursements. Appendix D identifies \$1,733.89 as the cost of funds due for the total amount of ineligible Pell Grant and FSEOG disbursements, as well as \$366.50 to be returned in Administrative Cost Allowance.

D. Summary of Liabilities

The total amount calculated as liabilities from the findings in the program review determination is as follows.

Established Liabilities				
Liabilities	Pell (Closed Award Year)	FSEOG	DL / FFEL	
Finding 1, Verification Violations	\$137,862.00	\$5,497.50 (Federal Share)	\$6,634.39	
Subtotal 1	\$137,862.00	\$5,497.50	\$6,634.39	
Interest/SA	\$1,674.70	\$59.19	\$0.00	
Excess Cash	\$0.00			
ACA		\$366.50		
Subtotal 2	\$1,674.70	\$425.69	\$0.00	
TOTAL	\$139,536.70	\$5,923.19	\$6,634.39	
Payable To:				Totals
Department	\$139,536.70	\$5,923.19	\$6,634.39	\$152,094.28

Estimated Actual Loss (EAL):

The total amount of Direct Loan that WyoTech improperly disbursed during the 2010-2011 award year for finding 1, Verification Violations, is \$188,935.00. The total estimated actual loss that WyoTech must pay to the Department for the ineligible loans is \$6,634.39. Copies of the results of these calculations are included in Appendix C.

1. Liabilities Owed to the Department

WyoTech owes to the Department \$152,094.28. This liability must be paid using an electronic transfer of funds through the Treasury Financial Communications System, which is known as FEDWIRE. WyoTech must make this transfer within **45 days of the date of this letter**. This repayment through FEDWIRE is made via the Federal Reserve Bank in New York. If WyoTech's bank does not maintain an account at the Federal Reserve Bank, it must use the services of a correspondent bank when making the payments through FEDWIRE.

Any liability of \$100,000 or more identified through a program review must be repaid to the Department via FEDWIRE. The Department is unable to accept any other method of payment in satisfaction of these liabilities.

Payment and/or adjustments made via G5 will not be accepted as payment of this liability. Instead, the school must first make any required adjustments in COD as required by the applicable finding(s) and Section II – Instructions by Title IV, HEA Program (below), remit payment, and upon receipt of payment the Department will apply the funds to the appropriate G5 award (if applicable).

Instructions for completing the electronic fund transfer message format are included on the attached FEDWIRE form, located in Appendix E.

Terms of Payment

As a result of this final determination, the Department has created a receivable for this liability and payment must be received by the Department within **45 days of the date of this letter**. If payment is not received within the 45-day period, interest will accrue in monthly increments from the date of this determination, on the amounts owed to the Department, at the current value of funds rate in effect as established by the Treasury Department, until the date of receipt of the payment. WyoTech is also responsible for repaying any interest that accrues. If WyoTech has any questions regarding interest accruals or payment credits, please contact the Department's Accounts Receivable Group at (202) 245-8080 and ask to speak with WyoTech's account representative.

If full payment cannot be made within **45** days of the date of this letter, please contact the Department's Accounts Receivable Group to apply for a payment plan at the address below. Interest charges and other conditions apply.

U.S. Department of Education
OCFO Financial Management Operations
Accounts Receivable Group
550 12th Street, S.W., Room 6114
Washington, DC 20202-4461

If within 45 days of the date of this letter, WyoTech has neither made payment in accordance with these instructions nor entered into an arrangement to repay the liability under terms satisfactory to the Department, the Department intends to collect the amount due and payable by administrative offset against payments due WyoTech from the Federal Government. **WyoTech may object to the collection by offset only by challenging the existence or amount of the debt.** To challenge the debt, WyoTech must **timely appeal** this determination under the procedures described in the "Appeal Procedures" section of the cover letter. The Department will use those procedures to consider any objection to offset. **No separate appeal opportunity will be provided.** If a timely appeal is filed, the Department will defer offset until completion of the appeal, unless the Department determines that offset is necessary as provided at 34 C.F.R. § 30.28. This debt may also be referred to the Department of the Treasury for further action as authorized by the Debt Collection Improvement Act of 1996.

2. Liabilities Owed to the Department for Direct Loans

Direct Loan Estimated Actual Loss

Finding 1: Verification Violations
Appendices: B and C

DL Estimated Actual Loss	
Amount	Award Year
\$6,634.39	2010-2011
Total	
\$6,634.39	

WyoTech must pay the amount reflected above in Direct Loan estimated loss liabilities for the award year(s) reflected above. The liabilities will be applied to the general Direct Loan fund. This amount is also reflected in the total amount owed to the Department in Section 1 above.

3. Liabilities Owed to the Department Grants

Pell Grant – Closed Award Year

Finding 1: Verification Violations
Appendices: B and D

WyoTech must repay:

Pell Closed Award Year			
Amount (Principal)	Amount (Interest)	Title IV Grant	Award Year
\$137,862.00	\$1,674.70	Pell Grant	2010-2011
Total Principal	Total Interest		
\$137,862.00	\$1,674.70		

The disbursement record for each student identified in the to the applicable finding must be adjusted in the Common Origination and Disbursement (COD) system based on the recalculated amount identified in the appendix.

Adjustments in COD must be completed prior to remitting payment to the Department. Payment cannot be accepted via G5. Once the Department receives payment via FEDWIRE, the Department will apply the principal payment to the applicable G5 award. The interest will be applied to the general program account.

A copy of the adjustment to each student's COD record must be sent to Jeremy Early **within 45 days of the date of this letter.**

4. Campus Based Programs

FSEOG – Closed Award Year

Finding 1: Verification Violations
Appendices: B and D

WyoTech must repay:

FSEOG Closed Award Year

2	DL Unsubsidized	2010-2011	\$ 102,177.00	3.90%	-17.02%	\$ -
3						
	Description		\$ 188,935.00			\$ 6,634.39

The Estimated Actual Loss Formula (EALF) is used for only certain types of findings on ineligible FFEL and Direct Loan liabilities. The EALF estimates (1) the principal amount that has or will default; and (2) the interest and special allowance on the entire ineligible loan amount.

The EALF uses an institution's applicable cohort default rate (CDR) to estimate the amount of defaults from the ineligible principal amount. This is usually the institution's latest published CDR. Draft CDRs are not used unless there is no prior CDR.

Example:

Ineligible Principal Loan Amount	\$100,000
Cohort Default Rate	10.0%
Estimated Default Amount Due	\$10,000

The EALF calculates interest and special allowance (SA), where applicable, on the entire amount of ineligible loan principal. The number of days used to calculate interest and special allowance is based on average historical data for various time periods for different types of schools.

Period	School Type	One-Year	Two-Year	Four-Year	Rate Types
Disbursement to Repayment		584	774	969	Interest & SA
Repayment to Default		418	498	619	SA
Repayment to Paid In Full		1659	1580	1712	SA

The EALF uses the actual interest rates in effect when the ineligible loans were disbursed and an annualized average of the quarterly special allowance rates in effect. The EALF divides the number of days in each time period so that changes in interest and special

allowance rates are considered. The EALF also assumes that the ineligible loans were made in two disbursements after a 30-day delay.

Example for the Disbursement to Repayment Period for a Two-Year Institution (2004-05)

Variable Rate Ineligible Loans: \$40,000 subsidized and \$60,000 unsubsidized
Interest Rates: 04-05 (2.77), 05-06 (4.70), 06-07 (6.54)
SA Rates: 04-05 (1.45), 05-06 (1.55), 06-07 (0.53)

Subsidized Loan Amount (Interest and Special Allowance)

$$\begin{aligned} & \$40,000/2 \times (451 \times (.0422/365)) \\ & + \$40,000/2 \times (730 \times (.0625/365)) \\ & + \$40,000/2 \times (367 \times (.0707/365)) = \$4,964.61 \end{aligned}$$

Unsubsidized Loan Amount (Special Allowance Only)

$$\begin{aligned} & \$60,000/2 \times (451 \times (.0145/365)) \\ & + \$60,000/2 \times (730 \times (.0155/365)) \\ & + \$60,000/2 \times (367 \times (.0053/365)) = \$1,627.36 \end{aligned}$$

NOTE: The number of days of 774 for this time period is doubled to 1548 (451+730+367) because the principal amount is divided by two.

Similar calculations are made for the other two periods. The total liability is the sum of the default amount with the interest and special allowance calculations for all three periods.

---	------------	------------------	--	-----------	-------	--

Comments:

* G5 Award # (P063P104306, first 5 digits = program, next 2 digits = award year, next 4 digits = code unique to school). Note: It is important that the year in the G5 award number correspond to the award year for which any adjustments are being made, or for which the balance has been incurred (in the case of an unsubstantiated cash or negative cash balance). If the reviewer is unsure after looking in G5, contact Susan Lewey for Pell or DL, or Tremia Haythe for FWS or FSEOG.

Example of G5 award numbers for a single school for the 2009-2010 award year, Pell vs. DL:

Pell is designated by "P063P" and DL is designated by "P268K"

P063P091445 (Pell 2009-2010 award - Pell uses the final two digits of the leading award year in the award number)

P268K101445 (Direct Loan 2009-2010 award - DL uses the final two digits of the trailing award year in the award number)

Example of G5 award number for FWS and FSEOG

FWS is designated by "P033A" and FSEOG is designated by "P007A"

P033A092121 (FWS 2009-2010 award - FWS uses the final two digits of the leading award year in the award number)

P007A092121 (FSEOG 2009-2010 award - FSEOG uses the final two digits of the leading award year in the award number)

See FPRD Distribution Form for distribution information for this form and related program review documents.
